

TRADES AND LABOR COUNCIL WANT LABOR CANDIDATES

Appoint Committee to Consider Question of Running Candidates in Next Provincial Election—Large Number of Important Questions Come Up at Regular Meeting on Monday Night

A delegate from the Retail Clerks' Association who was making a five-minute speech in the House of Representatives on the subject of the proposed legislation, and the council decided that when the bill was printed and available steps should be taken to call a mass meeting to discuss their provision and apply adequate representation for labor on the provincial legislature.

It was pointed out that there is practically a province-wide movement to get rid of the laundry carts at the next provincial election, and that it was time some action was taken in Edmonton. That a labor union would be the best way the matter was taken up wholeheartedly by the working man was the earnest opinion expressed.

"If a man has the power to do anything, if he only works together," said one delegate.

appearance at the council meetings said that the act was being taken up by the association and that he hoped to have the support of the locals in the city.

Object to This Use of Cars

"Should Chinese laundrymen be allowed to use their cars for carrying laundry, and thus in convenience other passengers will be crowded out?" was a question raised by the delegates. Most of the delegates said "No," and it

It was decided that a special committee should be appointed to consider the matter. The committee selected was as follows: J. Briscoe, Bricklayers and Plasterers; R. McCreath, Typographical Union; A. Farnhill, secretary; W. B. Smith, Amalgamated Association; W. Buxton, Western Machine Men; J. Houseman, Garment Workers; G. [probable that some representation will be made to the city about the matter.

The matter of organizing the city firemen was discussed, but not pursued to any great length, because it was stated that the matter of organizing the whole of the city employees was well under way.

Several inquiries were made

Re-training Returned Soldiers

Recently the council drew the attention of the War Relocation Authority of Labor to the question of re-training of returned soldiers, and asked if any action was to be taken with the idea of giving them the same consideration so that a lot of half-trained men should not be turned out to cheapen

The Secretary of the Media Federation of Labor wrote in reply to the effect that the committee had no objection to the subject before it was taken up, it being necessary to ascertain the facts before any further training was proposed to be carried. As Dr. Miller, who has charge of the training, is a resident of the province, wishes to again address a meeting of representatives of labor organizations in the province, and in filling out the forms for the industrial survey, it was arranged to ask him to make a statement.

council, and at the same time to supply additional information as to the extent of the training to be given returned soldiers.

Will Discuss New Acts

The legislative committee commented upon the passing of the Factories

ed that the Theatre Square employees had decided to meet with the Moving Picture operators, and in consequence would not use the labor hall for a time at least. At present 15 locals were meeting at the central buildings.

OVER ONE MILLION DOLLARS BUSINESS DONE AT STOCK YARDS

First Six Months in Operation Has Resulted in Big Financial Turn-over—One of Outstanding Features Has Been Distribution of Stock and Feeders

A summing up of the volume of business done by the Edmonton stockyards during the six months ending March 31st shows in a striking manner what an important part the province has played in the livestock industry of the province since their opening last fall.

The total head of cattle, calves, hogs, sheep and horses handled through the yards amounts to 26,940, while the money involved in the transactions has been approximately \$1,135,000, a sum that has been distributed through the farming districts east, west, north and south of Edmonton.

The report submitted by Manager Ashcraft of the Stockyards shows in detail the activities of the yards, insofar as they relate to the receipts, and to the destination of the stock after being sent through the yards. While the stock purchased for slaughter reaches a very important total it is produced a surplus of nearly 9,000 head that were disposed of through the yards since the first of last October. Of this total 3,712 head were horn stock received at the yards coming and 1,742 cattle, some of the finest from as far distant as the Grande Prairie district, where a damaged crop

Long Promised 'Mouchegnan' at Peace River; Native Dances and Red River Jig Delight Visitors

Natives From All Parts of the District Took Part in the Festivities — W. O. Goffatt Was Host of the Day—Town is a Blaze of Color

Bulletin Correspondence.

PEACE RIVER, April 12.—Peace River was the centre for the gathering of the tribes on Thursday, when the long-promised Mouchegnan took place in the Royal Hotel. The host, W. O. Goffatt, had issued invitations to several hundred persons, and on the day drew near it was readily seen that the event was to be one of the most important in the history of the entire country. Several persons from Edmonton signed their intention of attending, and made arrangements to have the train hold for a couple of hours, so that they might see something of the program, and from Grouard, Battle River, Hears Head, and other distant parts native parties gathered to join in the dance.

On Thursday the streets of the town put on festive dress, for strangers, intent on having a good time, came and went everywhere, buying, selling and trading, and making time very brisk. At night the crowds began to arrive at the hotel. There was a long line of people waiting to be admitted, and the dancing started in the reception. Tickets for a gentleman and lady also included the whole family, and children thronged the corridors of the building. A rough estimate of the number that took in the event was one, and room was made for all in some part of the building.

Dancing commenced early and continued until midnight, when the music was served, and several interesting speeches were made. Mr. J. E. Grimshaw and Alex McKennie spoke in English, and P. D. Macdonald, Mr. Thompson, and C. Tompkins, of Grouard, River, and C. Goffatt, gave the address of welcome, and received a great ovation. Allie Brick gave an

interesting account of the progress of the country, and told of his father's experience when coming to the Peace River country some 30 years ago to mine in the "Canadian," and his disappointment at finding the work he came to do already done. If it ever had to be done, by the Roman Catholic church, he told of his father's plan of his seven years' salary from the church because he felt that the work he had been sent here to do was not here for him to do, and then of his return to the West in disgust. Then dancing commenced again in earnest. Alex McKennie, of Battle River, King of the N. W. M. M. gave the address of welcome, and received a great ovation. The program was a splendid story, to the accompaniment of the bagpipes, played by Howard McLean, and drew the praise of the hundreds of guests. The dancing of course occupied the floor most of the night, and the music was heard and the Red River jig was given in several of the dances. The dancing was so interesting and the music so good that the guests were delighted in giving extra money to the performers. PEACE RIVER

Bulletin Correspondence. Mr. Hay, of the Edmonton branch of the Salvation Army, was here today to hold a series of services, and to help the people of the town to get a hold on the non-church services of the population. Mr. Thompson has fought a plucky fight under adverse conditions, but with the assistance of the chief of the division they may get a better start in their work.

The fire department has at last succeeded in placing on the roof ball 200 lb. ball of excellent coal quality. One who has suggested that this ball, which can be heard all over the district, should be placed on the roof of a school every day, so that all the people might receive the news of the day, and punctuality be more generally practised in the town.

Suffered With Heart For Ten Years Would Nearly Smother.

There is nothing that brings with it such a lot of impending death as to wake up in the night, with the heart suffering from the attack and irregular heart action causes the most distress of both mind and body.

Millard's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure of such cases.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past.

Mr. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicine, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, and I had tried every remedy, and would nearly smother at times. I had many sleepless nights, and only relieving me for a time. I got a box of Millard's Heart and Nerve Pills, and felt so much better that I kept on taking them, and am truly glad to feel like a new woman."

I would advise anyone with heart trouble to use them.

Millard's Heart and Nerve Pills are 50c, or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The C. Millard Co., Limited, Toronto, Ont.

Alkali In Shampoo Bad For The Hair

If you want to keep your hair looking its best, be careful when you wash it with. Don't use soaps or shampoos of anything else that contains alkali. This dirty, greasy shampoo the hair brittle and ruin it.

The best thing for steady use is just ordinary mild soap, which is (which is pure and gentle), and is better than the most expensive soap or anything else you can use.

One or two teaspoons will cleanse the hair and scalp thoroughly. Simply moisten the hair with water, and rub it in. It makes an abundance of rich, creamy lather, which rises off easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and leaves the scalp soft, and the hair soft and silky, looking clean and easy to manage.

You can get qualified cheap soap at any pharmacy; it's very cheap, and a few more will supply your number of the family for months.

Get a Chevrolet. You'll like it.

(Continued from yesterday's Bulletin)

It was late on the second day when a tired and sudden messenger brought the news of heavy rain and snow.

"There's some trouble, sure," said the girl, as she unfolded the soiled package. Then she cried out again, and O'Neill burst into laughter.

Rheumatism Entirely Gone

After Twenty-seven Years of Suffering—Swelling and Pain in the Feet—Not a Pain or an Ache Left

Kilpatrick, April 18.—A most interesting case of rheumatism, which has been cured, is reported by Dr. H. B. Kilpatrick, of this city. The patient, a man of 50 years of age, had suffered from rheumatism for twenty-seven years. The pain was so severe that he was unable to walk. He had tried many remedies, but none had helped him. Finally, he decided to try Dr. H. B. Kilpatrick's treatment. After a few days, the pain began to subside. After a week, he was able to walk. After a month, the pain was entirely gone. He is now as well as ever.
